

# Welcome to Am Zehnhoff-Söns!

## Your logistic partner with know-how.

Over 100 years ago August am Zehnhoff founded one of the first forwarding agencies in Bonn. Starting in 1907 he offered services such as barge handling, warehousing and conventional truck-transportation, segments which even today are part of the core business of the company. Within the past decades more services have been added and adapted according to market requirements.

Currently the company is led by the 3rd generation of the family who retain the core principles of the company's founder of exceeding the service expectations of their customers.

With over 350 employees and led by a management team committed to reinvestment in the business.

Factsheet: Overseas logistics & airfreight

# Overseas logistics & airfreight by Am Zehnhoff-Söns

You have the cargo – we deliver it to the exact location. Whether by sea- or airfreight, whether a consignment of 50 kgs or 1,000 tons, whether standard or project cargo. We offer you the full range of logistics from ex works to final consignee. Our excellent worldwide network and our joint ventures in Asia ensure that your transport order is executed fast, efficiently, environmentally friendly and exactly.

**Our know-how speeds up the movement  
of your goods – worldwide!**

## Full-service above the clouds – **Airfreight**

If speed is required, air cargo is the first choice for global transports. As your specialist and neutral handling partner we want to prove that fast does not necessarily mean unaffordable – by organising the efficient air transport of your goods. Pickups, deliveries, customs handling etc. are obviously part of our portfolio.

## Unlimited flows of goods – **Customs handling**

Our specialists have the know-how to solve your customs affairs. We are happy to advise and support you with processing each kind of customs issues, such as

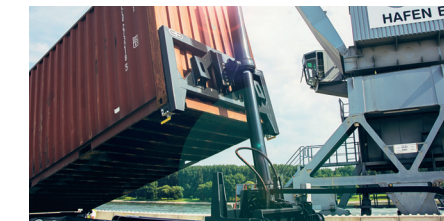

- + Import, export & transit
- + AES/ECS/AIS
- + Seaport handling and fiscal representation

## Sailing the world's oceans – **Seafreight**

To cut costs, to save the environment and to make perfect use of shipping space, we advise and support you in the transport of your worldwide seafreight. From organisation through transport to processing both imports and exports we are on-site to assist you. In the field of general cargo shipments we cooperate globally with well-known partners.

## Off the known standards – **Special equipment**

Nothing is impossible – that is for sure. We ensure proper import and export transportation of your non-containerized overheight and/or overwidth cargo. This includes special equipment, stuffing and stripping as well as obtaining exceptional and special permissions. Our house bill of lading (HBL) can be used as a straight B/L, order B/L, through B/L or combined transport B/L.
